SUMMARY

Detail-oriented and driven entry-level Software Developer with hands-on experience building responsive, modern web interfaces using React.js and Tailwind CSS. Familiar with JavaScript (ES6+), component-driven architecture, and RESTful APIs, with proven ability to deliver clean, user-friendly designs. Passionate about performance optimization, collaborative problem-solving, and eager to contribute agile-focused development to high-impact teams.

PROJECT

Calculator

- **Tech Stack:**HTML, CSS, JavaScript, DOM Manipulation, Event Listeners
- **Features:**
 - Built a fully functional calculator web app that performs basic arithmetic operations like addition, subtraction, multiplication, and division.
 - Implemented real-time calculations where the result updates instantly as users input numbers and operators.
 - Used JavaScript event listeners to handle button clicks and dynamically update the display.
 - Designed a clean and intuitive user interface using CSS, ensuring a responsive layout that works smoothly across different devices.
 - Enhanced user experience with animations and transitions that highlight button interactions.
 - Provided features like “Clear”, “Delete”, and “Equals” buttons for seamless calculations.
 - Managed user input effectively to prevent errors such as invalid operators or incorrect sequences.

To-Do list app

- **Tech Stack:**React.js, Redux (actions, reducers, store), CSS Modules, JavaScript/JSX, Tailwind CSS, Firebase (optional for backend)
- **Features:**
 - Built a dynamic to-do list application where users can add, edit, and delete tasks with ease.
 - Implemented state management using React Redux, organizing actions, reducers, and store to handle user interactions and task updates efficiently.
 - Designed real-time updates so that changes in tasks (adding, editing, or deleting) are reflected instantly without refreshing the page.
 - Styled the interface using CSS Modules and Tailwind CSS, ensuring a clean, consistent, and responsive design across devices.
 - Included features like “Mark as Done”, “Undo”, and “Delete” buttons to manage tasks intuitively.

EDUCATION

Bachelor of Science

Acropolis Institute of Management Studies and Research • Indore • 2025

12th (MP State Board)

Rudraksh Progressive Academy • Dewas • 2022

INVOLVEMENT

Volunteering in Cricket, Volleyball

Acropolis Institute of Management Studies and Research • undefined –

SKILLS

Skills 0: HTML, CSS, JavaScript, React.js, Redux, TailwindCSS, Github
